

GOLD WING ROAD RIDERS ASSOCIATION

FLORIDA DISTRICT

RIDER EDUCATION

Wow! What a year 2011 has been. The District has had at least in my eyes a terrific year. What with all the chapter conventions taking place, the District convention and the Region A convention in beautiful Eufaula Al.

Not to mention all the seminars , ERC'S, TRC'S and Medic First classes that we conducted, if you didn't take part in one or more of these courses you sure missed out on some fantastic opportunities to expand your knowledge for safe riding.

We your District Rider Ed team has been working feverishly putting together the yearend financial report for the chapter conference in Lakeland this year. You all know that the conference is a working week end where we try to get all of you updated on the latest and greatest things that are coming down the pike. We want to take this time to tell you that we can't thank you enough for giving up of your time to attend this working week end. We have put together a program that will both educate you and entertain you with some very interesting information, so please plan on attending; you don't want to miss this. This function is a write off for your chapter if they choose to use it. We look forward to seeing you there.

The District Rider Ed Team would like to wish you all a SAFE and Prosperous new year. We look forward to seeing you all out there somewhere on the road till then
