

Good News and Rider Ed Fair

Good news...I have asked Joe and Jan Mazza to become Assistant District Educators. Joe and Jan are former Chapter Educators and I am sure they will show the same dedication and enthusiasm in their new position. Joe and Jan will shortly be handling all the training for the District. All CPR, First Aid, ERC's and Trike and Trailing Classes will be done through them effective January 1, 2006. Don't forget to add them to your chapter's mailing list. 4465 W. Horseshoe Drive, Beverly Hills, 34465, 352-746-9030, E-mail: jmazza4465@earthlink.net.

Barbara and I recently returned from the Region A Rally. The Rider Ed Raffle had a set of tires and two very nice Joe Rocket Jackets. The weather was perfect and those who attended had a great time.

As this is being written, there has been no word on the change of status in the Masters Level Program. In case you haven't heard, the Level IV has been temporary suspended pending review. Any changes that will be forthcoming should not affect the status of current Level IV holders. I'll let you know more as soon as it becomes available.

The CD Conference is only a few months away and I would like to ask all the

Educators for suggestions to improve the meeting. Any additional subjects you feel should be included or deleted please let me know. We want to make this a really productive event and need your input. What can we, at District Level, do for you at the Chapter Level?

Update on the Rider Fair: I am surprised at how fast the response has been to our flyers. The Trike Courses are just about filled. The morning ERC's still have a few openings and there remains lots of room on the afternoon ERC's. The CPR and First Aid Classes, as well as the RCC and Co-Rider Seminars also have several openings. Bring your spouse and while you are doing an ERC, she can polish up on First Aid or CPR. Come early and make a day of it with both of you doing FA/CPR and then the ERC. Check the schedule as both classes and courses are offered to accommodate you. Now is a good time to check all your cards for their expiration dates, renewals come due in January. Quick note: There were 1,238 Florida Licensed Drivers who had fatal accidents while riding a motorcycle between 1998-2003. None of them had been through Florida Rider Training Program. Ride Safe,

Bob & Barbara Groff
