

FLORIDA DISTRICT

RIDER EDUCATION

Judy and I just returned from the Pancake breakfast at FL2-G Ft Meyers and what a great time we had there, visiting with as many of the 140 plus participants from eleven different chapters. This is what makes GWRRA great everyone getting together as one big happy family.

This all took place at the Sun Sports Cycle & Marine Dealership who just happens to be the sponsor of our new 2012 Gold Wing that we are raffling off next March at the District Convention. I was very impressed with the Dealership everyone there was very friendly and helpful; they had anything that you may be looking for. I heard but cannot confirm it that one of the Wauchula riders purchased a new bike while he was there. Good for him. It's nice to support the sponsors that help us with our promotions over the years.

The weather is getting better for riding now and the safety courses are starting to pick up, we have five riding courses plus one Medic First course taking place in November alone, and I've had request for more in December. This is great now is the time to do it while it's cool.

You should be aware of it but you can take any or all of the many courses or seminars for free all you have to do is sign up and take part. This is all provided for you at absolutely no cost to you as a member due to the success of the Gold Wing Raffle of the Florida District at the Convention each year. I must also point out that when you are ready to move up to the level four Master Tour Rider level that fee is paid for by the Florida District Rider Education. In order to participate in this all you have to do is make a commitment to safe riding.

With Thanksgiving just around the corner now would be good time to purchase some of those Bike raffle tickets to give to friends and family. This will help support our educational courses and is a great return for your dollar.

Have a great holiday
