

Well here we are again, another month has gone fleeting by. To me it seems like just yesterday Judy and I were on our way to Knoxville to attend Wing Ding . Now here it is September. I must say that I'm sure glad to see it here, now maybe we can get rid of the triple digit temps that we've been having to ride in. I love to ride and do ride as much as anyone but it has been a real challenge to gear up and ride, in case you haven't noticed we here in District Rider Ed have not conducted any of our ERC'S TRC'S or any other riding courses since May and this is all because of the extreme heat that we have been having , but now with September here we are ready to start promoting the return of these courses and have already got two ERC'S set to take place, so please if your wanting to get one scheduled in your area please contact your chapter educator or your area coordinator to make the arrangements.

These courses as well as any of the many seminars are yours for the asking at no cost to you all you need do is let it be known that you want one and it will happen. You all know that this is made possible due to the fact that we are fortunate to be able to raffle off a new Gold Wing each year. Believe me when I say that the District really appreciates all of your efforts that make this raffle a great success, with your support we could never get it done, it takes team work.

On a lighter note September brings us the Region A convention that is taking place at the beautiful Lakepoint Lodge & Convention Center in Eufaula Al. on Sept 15th 16th & 17th. We are going to experience a first in Region events due to the fact that Rider Ed is going to conduct a trailering course as well for the first time a Team Challenge open to all chapters, districts and all comers that may want to try their skills in a riding event. You can come by the Rider Ed table and sign up or just go and watch to see what happens. Judy and I will be there and look forward to seeing as many of you that can make it so stop by the Rider Ed table and say hi.

Till next we meet Keep the Rubber On the Road and the Shiny Side Up
